The UK's online gambling market dominates the European market, accounting for over 30% of total online gaming revenue.

Online Gambling regulations in the UK have been present for quite some time and are somewhat of a double-edged sword for operators – some regulations provide benefits, but others limit operator freedoms.

Why online gambling needs to be regulated in the UK.

They include focus points such as fraud prevention, anti-underage gambling, know your customer requirements, anti-money laundering checks, operator advertisement limitations, and much more.

In order to get a license as a gambling operator in the UK, operators must apply via the Gambling Commission website.

Covers BetSmart Rating

Covers has been in this game for a long time - 25-plus years, in fact.

This means that we have been rating and reviewing online betting sites since sportsbooks first took their offerings to the World Wide Web.

This isn't to say that we only look at the above factors when reviewing a sportsbook.

Our team of experts digs deep to ensure we're only recommending the best betting sites available.

Then they make bets, testing out features like live betting and cash out.
