If you've been shopping abroad, pay attention: Declare all of your purchases to the customs officials upon return.

Yes, it may cost you extra money, particularly if you exceed the duty-free allowed amount.

However, if you do not declare and are caught, the costs are greater.

Experience tells us that there is a connection between VAT refund tracking and customs declarations.

We know of people who, for example, have lost their Global Entry privileges for failure to declare.

To a customs official, that Hermès Birkin or Chanel classic flap on your arm might be a new purchase from Paris.

Our horse racing online odds are simply the best and you can bet they're always fresh out of the oven.

Depending on the horse race, you will get a group of odds for different markets worth checking out.

Apart from betting on the outright favourites, you will also get the best odds on trifectas and other exotic bets.

With so many horse racing events in India (like the Indian Derby) and around the world (Triple Crown event) and so many bookies at the same time, finding odds of

value can be a bit tough.

But don't worry we've picked nothing but the top odds for you so you can easily wager on your favourites.

That being said, unlike our cricket betting tips provided daily, it is much less often that we give predictions for horse racing in India.

Minimum of \$25 for each deposit.
