

sports betting predictions

Here's how it works.

If I bet Wales & Draw (-210) , I'll win if Wales wins or it ends in a d

raw.

33% + 33.

46% + 33.

36% -262

If you want to back a sound defensive team that you believe will hang tough, but

maybe doesn't have the finishing prowess to pick up all three points, betti

ng that team and the draw on the double chance is an angle to explore.

American odds are centered around winning or wagering \$100 on a given bet, thoug

h you don't need to actually wager \$100.

If the Nittany Lions lose by 1-6 points or win the game, you win your bet.

0 means that team or player is plus-money; anything below 2.

Enter \$25 as the win amount and -130 as the moneyline into the following formula

.
